### BAD BLOOD,

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis,
Mo., says: "My daughter was afflicted for years
with a disfiguring eruption on her face, which
resisted all treatment. She was taken to two
ceichtated health springs, but received no benefit. Many redicines were prescribed, but without result, until we decided to try S. S. S., and by
the time the first bottle was finished the eruption
began to disappear. A dozen bottles cured her
completely and left her skin perfectly smooth,
She is now seventeen years old, and not a sign of
the embarrassing disease has ever returned."
